

**Using the world of
COVID
as your biggest
opportunity.**

Ask any business owner
what is most important
within operations. They will
answer, **Return On
Investment.**

& ROI is exactly what we guarantee.

Welcome.

Section 1

Based in Plymouth, South West, Elite Creativity is startup digital and creative agency, unlike any other. We share a passion of supporting small businesses across this great nation.

Elite Creativity launched as a very natural and organic process, in 2019 by Elliot Gray. Growing up he created a roller disco that went on to be one of the biggest within the UK, managed the sales and led a team at the age of just 15.

At the age of 17, he dropped out to pursue his entrepreneurial ambitions.

Creating our company and building our culture, we quickly realised that there was nobody doing what we wanted to do and no company that had created the exact type of product that we wanted.

It is our goal to make marketing for small businesses stupidly simple. Both for their customers to access and for our customers to use, as agile as possible.

By providing one of the most competitive pricing across the industry, yet delivering a great customer experience and even better product, we are able to support micro to medium size businesses.

Based in Plymouth UK, and specialists within the tourism, leisure, catering and similar private primary sectors.

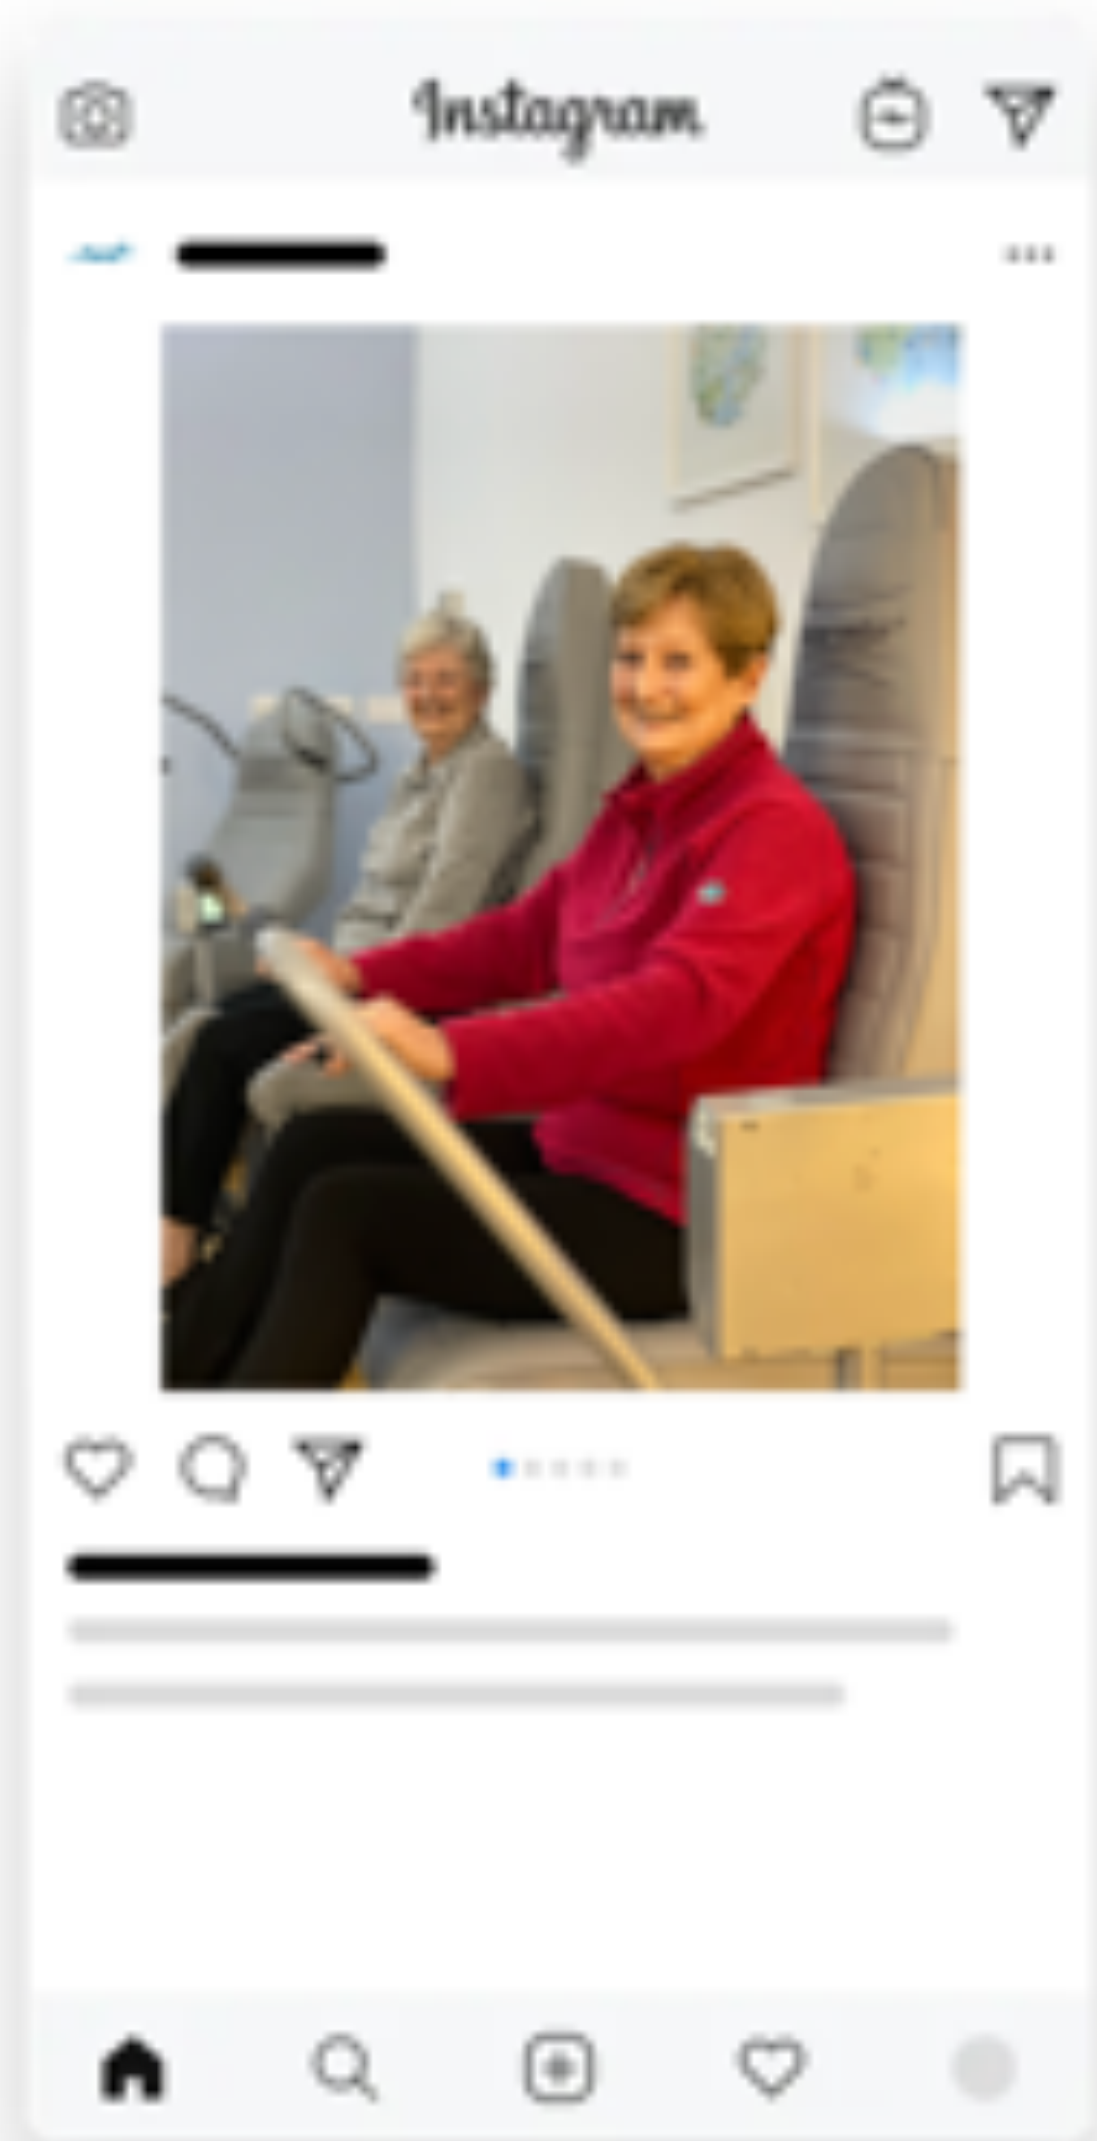

Support Specialists

Being a small & new business ourselves, we realise and value your time, finance and goals. Our support specialists are the embodiment of that very principle. It has always been our dream to create a simple, yet sophisticated support system, which is accessible via elitecreativity.co.uk/support.

you can book a call, book a meeting, chat to us virtually or simply browse F&Q's. Our Specialist are based in Plymouth, but travel across the South West throughout Mon-Sun. Our specialist time is free, and always will be. We are here to do our lives greatest work, we cannot wait to share it with you.

Achieving.
